Cristina (Buzzfeed Live Session)

Teleman

I'm coming back to where I started
I never meant to be the bad kid
Feeling came in uninvited
Where is everybody hiding?Come back and turn the lights on
Throw everything around your bedroom
Some things just take you right back
You forget you've got to go soonChristina's so good
She makes me go across town
She begs me to lie down
There's nothing in the way nowI'm coming back to where I started
I never meant to be the bad kid
Feeling came in uninvited
You want to see if I can fight itChristina's so good
She makes me go across town
She begs me to lie down
there's nothing in the way nowLie down and let the music play
Nothing in the way now
Lie down and let the music playStanding in the sidelines
Conversation in the half light
You remember your down time
You really should be on your way nowCome back and turn the lights off
Throw everything around your bedroom
Some things just take you right back
You forget you've got to go soonChristina's so good
She makes me go across town
She begs me to lie down
there's nothing in the way nowLie down and let the music play
Nothing in the way now
Lie down and let the music play
Nothing in the way nowLie down and let the music play
Nothing in the way now
Lie down and let the music play
Nothing in the way now
