

# Need It

## Splashh

Feed me the truth today, and I might stay.  
Show me the world today, and I might stay.

Â‘Cause I wanna run away.  
I wanna run away.  
I need it, I need it today.  
I want it, I want it today.

Swear weÂ‘ve seen better days, IÂ‘ll have to say.  
Promise IÂ‘ll slow down babe, things are great.

Feed me the truth today, and I might stay.  
Show me the world today, and I might stay.
