

# Anna (Remastered Version)

## Bad Company

I got a sweet little angel and I love her so  
She's there when I need her, she understands when I say go  
In the night, when she says "Hold me", it makes me feel so strong  
Living with her unfolds me, she gives me strength to carry on I don't need anyone else  
If I did I would be fooling myself  
Anna, Anna And I know if she left me, my world would turn cold  
She's the best little lady that a man could ever hold  
When I'm down, she knows what to say  
She clears my blindness away  
And in the night, she says "Hold me", it makes me feel so strong I don't need nobody else  
If I did I would be fooling myself  
Anna, Anna
