All My Life

Sam Outlaw

All my life they told me to look for the woman
That would love me and keep me from mortal sin
There should only be one heart that could break mine clean apart
And put it back together againSo I searched the earth to find a love I needed
But I found her right inside of my hometown
And though we both are still too young
And your father owns a gun
I think you're just the girl to make me settle down
Well I got all my life just to find a wife
And you got yours to find a man
But if you don't mind, I'd rather spend my time
Growing old together 'til we reach the endNow I know there will be trials and tribulations
We will feel the fire but not be whole consumed
Cause there is courage in true love
And darlin' that's the only stuff
That couldn't stop me in my tracks when I met youI got all my life just to find a wife
And you got yours to find a man
But if you don't mind, I'd rather spend my time
Growing old together 'til we reach the end
I got all my life just to find a wife
And you got yours to find a man
But if you don't mind, I'd rather spend my time
Growing old together 'til we reach the endGrowing old together 'til we reach the end
