Covered In Blood

JuiceheaD

Covered in blood you don't look so pretty
bitch you're gonna die
sticking needles in your eyes
You fucking whore

I see in your eyes that your beauty lies
Your heart is black behind a sweet disguise
And you sold your soul
Well I paid the price
wanna taste your tears
Like you tasted mine
You fucking whore

Covered in blood you don't look so pretty
bitch you're gonna die
sticking needles in your eyes
You fucking whore

ive seen didelphys
Its a two way street
Your hands are dirty
and your sex is cheap
I'll see you burn in hell in eternal sleep
I want to tate your blood
I wana make you bleed
You fucking whore

Covered in blood you don't look so pretty
bitch you're gonna die
sticking needles in your eyes
You fucking whore

She's in my head
These scars run deep my vicious pet
And seeing red, no redemption
Left for dead
The vultures circle over head
And bleeding red, no redemption
Left for dead
The vultures circle over head

And bleeding red, no redemption
you fucking whore

Covered in blood you don't look so pretty
bitch you're gonna die
sticking needles in your eyes
You fucking whore
