Lucky

Hedley

Hey that's a nice dress
For easy access
The way you wear it
Takes a lot of practice
I like your lip gloss
Your chained and church cross
You got the stare of
A better, badder Kate Moss
A lot of work for a little action
But it's worth your satisfaction
A lot of drinking
A little dancing
Gonna get some
Gonna make it happen
Hey, someone's getting lucky tonight
Yeah, we're gonna have a good time
Hey, someone's getting lucky tonight
Sit back and enjoy the ride
You gotta let it ride
We're getting lucky
Hey Mr. Nice Pants,
Too bad you can't dance,
Just put your faith in your rum-and-cola romance,
Yo that's a tight shirt
You got the right flirt,
So lock it up with the shawty in the white skirt

A lot of work for a little action
But it's worth your satisfaction
A lot of drinking
A little dancing
Gonna get some
Gonna make it happen
Hey, someone's getting lucky tonight
Yeah, we're gonna have a good time
Hey, someone's getting lucky tonight
Sit back and enjoy the ride
Everybody grab somebody
Put your cold drink down

And pick up a hottie
It's a lot of work for a little action
But it's worth your satisfaction
oh oh oh oh blow your mind
oh oh oh oh blow your mind
oh oh oh oh blow your mind
oh oh oh oh
Hey, someone's getting lucky tonight
Yeah, we're gonna have a good time
Hey, someone's getting lucky tonight
Sit back and enjoy the ride
Gotta let it ride
We're getting lucky tonight
Gotta let it ride
We're getting lucky tonight
