Skin

Biohazard

Out of sight and out of mind
When you look at yourself do you find
Everything you want to be
Or do you see what I seeToo late to change your life
Step outside and say, "Good-bye"
To everything you left behind
What you seek you may not findAs I shed my skin
I leave you behind
As I shed my skin
I go on to a better lifeIndecision fills my head
All the things I left unsaid
My heart is letting go
My pain you'll never knowIf you love something set it free
What I love you took from me
Try to look, but you can't see
Try to put the past behind meAs I shed my skin
I leave you behind
As I shed my skin
I go on to a better lifeAs I shed my skin
I leave you behind
As I shed my skin
I go on to a better life, ahhHow could you think it lasts forever
I sit and watch as you decline
Can't you see it's gone forever
Out of sight and out of mindTwisted, broken
I sit and watch as you decline
Help me, help yourself
Out of sight and out of mindI see you now in a different plane
Broken, used up, pathetic, in pain
You scream and fight, deny the shame
Your selfish heart is the one to blameSo much time has filled the space
Since we've been standing face to face
Wasted breath I've tried to explain
Still I see not a thing has changedAs I shed my skin
I leave you behind
As I shed my skin
I go on to a better lifeAs I shed my skin
I leave you behind
As I shed my skin

I go on to a better life, ahhHow could you think it lasts forever
I sit and watch as you decline
Can't you see it's gone forever
Out of sight and out of mind
