

# Sleep to Dream

Stacy Barthe

If the young knew better  
And the wise once could go back  
I'd trade all the knowledge in the world  
To find out why that little girl  
I used to know her, she's too far gone  
I don't think she'll recognize who I've become  
I used to go to sleep to dream  
I used to dream  
Now I can't remember them  
I used to go to sleep to dream  
I used to go to sleep to dream  
I used to dream  
Now I can't remember them  
When the young grow older  
Sometimes life changes their eyes  
They become blind to all [?] in the world  
Just look at all these endless possibilities  
I used to go to sleep to dream  
I used to dream  
Now I can't remember them  
I used to go to sleep to dream  
I used to go to sleep to dream  
I used to dream  
Now I can't remember them

Songwriters

BARTHE, STACY / HO, JAMES RYAN WUIHUN / BASHTA, JOSIAH
