## **Panorama**

## Voivod

Walking down an alley

Deep in blue neon

A dead end for today

Under skyways wornConcrete from far below

Rising up above

Surrounded by shadows

Garden without GodsAll are strangers alike

All riding the blind

The purple of blind, the purple of their eyes

In reverie unwindCircling sub-city

A rainbow appears

To calm down the fury

To calm all the fearsThis random occurance

Is only a sign

Of the incoherence

In the clockwork mindA symphony of our time

Recalling the past

People in a decline

Denying the vibrations we're made of Somber drama rolling down hill

Panorama, all is so still

Anyway, anyhow

Anyhow, anywayEnd of all reason

Is what I go through

Yes, it is what I go throughSlip-sliding nation

Is what they must do

Yes, it is what they must doOver the greying landscape

Under a deadened sky

Sitting on a mountain

I will stand asideAs I am a witness

I turn a blind eye

I am feeling helpless

But it passes by Is this a modern legend?

Maybe a fairy tale

Just a future requiem

Cutting along the fiction that we're made of
