Own Little World

Celldweller

Naa, naa, naa, naa
(We will never die)
Naa,naa, naa, naa
(my little world)

Mutual sight, mutual sound
Mutual struggle, for shared ground
It's safe to say, they'll try to take from me
I'm just another one for them to break down

Steeped in denial of the daily grind
Dream of a world for me and my kind
It's safe in the alternative reality
So stick your standards where the sun doesn't shine

They're for themselves, it doesn't matter what they say
Promise the world they take it from you anyway
They'll break you down making your vision fadeaway
It's time to go: get outta my space

Welcome to a world where the air I breathe is mine
Nothing to overwhelm me and nothing to cloud my mind
Be anyone, do anything I'd ever want to try
Time doesn't exist here, I will never die

(Own little world)
(Own little world)

Explain the reasons, explain the rhymes
It's not required, inside our minds
It's safe to try, no need to justify
Or take their guilt trip at the end of the line.

They're for themselves, it doesn't matter what they say
Promise the world then take, your universe away
They'll break you down making your vision fadeaway
It's time to go: get off of my case

Welcome to a world where the air I breathe is mine
Nothing to overwhelm me and nothing to cloud my mind

Be anyone, do anything I'd ever want to try
Time doesn't exist here

Slip into a world where the air I breathe is mine
Nothing to overwhelm me and nothing to cloud my mind
Come with me into it and you know what you will find
Time doesn't exist here, we will never die

Naa, naa, naa, naa
(We will never die)
Naa, naa, naa, naa
(Nana naa)
Nana naa, nana naa, naa
Nana naa, nana naa, naa

(Our own little world)
(Our own little world)
(Our own little world)

They're for themselves, it doesn't matter what they say
It's time to go: get out of my face

Welcome to a world where the air I breathe is mine
Nothing to overwhelm me and nothing to cloud my mind
Be anyone, do anything I'd ever want to try
Time doesn't exist here

Slip into a world where the air I breathe is mine
Nothing to overwhelm me and nothing to cloud my mind
Come with me into it and you know what you will find
Time doesn't exist here, we will never die

(Our own little world)
(Our own little world)

We will never die
