

# Sweet Sympathy

## Alexis Korner

Sweet sympathy (A)

### CHORUS

Sweet sympathy that's what I need,  
and just a little bit of lovin'.  
Sweet sympathy that's what I need.

Sweet sympathy that's what I need,  
and just a little bit of lovin'.  
Sweet sympathy that's what I need.

### VERSE 1

Strife and trouble may not double  
the length of your life.  
But perfect piece will bring you to your knees  
you gonna need a little trouble and strife.

### VERSE 2

Driving down the highway seeing things my way  
honest a Ford, (hey)  
the road's gettin' crazy so I'm taking it easy  
I am [ or I ain't] driving to the arms of My Lord.

### CHORUS

Sweet sympathy that's what I need,  
and just a long stretch of dry road  
Sweet sympathy that's what I need.

Sweet sympathy that's what I need,  
and just a long stretch of dry road  
Sweet sympathy that's what I need.

- SOLO-

### VERSE 3

Now I'm no Jeremia but if you get much higher  
You'll fly right out of sight.  
Keep in touch with the ground, there's no rockin' around  
you better get your priorities right.

#### VERSE 4

The way I construe it that must be how you do it  
that does decide(s) in the end  
On the day you can make and you know you can't fake it  
and you surely gonna need your best friend.

And all that

#### CHORUS

Sweet sympathy that's what I need,  
and all the strength in my right arm  
Sweet sympathy that's what I need.

Sweet sympathy that's what I need,  
and all the strength in my right arm  
Sweet sympathy that's what I need.

Sweet sympathy that's what I need,  
and just a little bit of lovin'  
Sweet sympathy That's what I need.

(rep. till the end)
