

# The Deal

## Fifteen

We were driving in a van  
All over the place  
Broke down in Mankato  
I thought it was outer space  
We got home  
We got a call on the phone  
15,000 for 1 record  
'cause we needed a new van  
They put it out  
18.50 in record stores  
No lyric sheets in the tapes and records  
Starting feeling like whores  
They had the option of a second record  
20,000 dollars more  
Enough money to put out our own records  
If only we had some more songs  
So I wrote this one to say  
Sorry for the overpriced records  
If you send us a letter we'll send you a lyric sheet
