

# Invisible Power (Ft Timo Kotipelto)

## Warmen

Invisible Power As I close my eyes  
It's like opening them for real  
I'm not in disguise  
I'm not lying 'bout what I feel No need to hide  
There's no-one that can hurt me  
The strippings inside are  
Opening up to fly free Invisible power  
Is growing stronger each night  
Invisible power  
It's taking a hold of me tight
