Bringin' It Backwards

Lifetime

No one's stabbing you in the back
and no one's gonna take away the feelings you got.
Stop creating misconceptions.
Inventing enemies and deceptions.
It's you, nothing you say's true.
Nothing you say's true.
No one's stabbing you in the back
and no one's gonna take away the feelings you got.
Stop creating misconceptions.
Inventing enemies and deceptions.
It's you, nothing you say's true.
Nothing you say's true.
Stop.
