Daily Combat

Dark Age

I am a stone cold rocker
With his flames in my eyes
A bloody motherfucker
Who can't take no more lies
I kill just by the way that I feel
My head is up high
Never will I kneel

I am a haterI was born to fight in a daily combat
But I found my way to a better day
All that you give will be all that you get
This time it is too late for regretWere you born to fight a daily combat
I have found a way to a better day
All that you that give will all that you get

This time it is too late for regretThe cause for this war

Is hard to realize
I know that you can't take it
Your silence means demise
My thrill will be your overkill

Bad luck to the world of fuckI am a haterYou don't know how I feel inside of me
You don't know how it feels to be free

You are just a lifeless shell So worse, even life can tell
