Cats In Heat

The Honorary Title

Pulled from the liquor cabinet
Choose your mood and then start to wreak havoc
With your exaggerated sadness
This is when I start to loseInterrupted by the flickering candles
The darkness that softened the angles
Though I am the reason

asonThat Im filling in the amnty space

I am the reasonThat Im filling in the empty spaces

Where you left your mark

Take two steps back from all of this

Remember what you started with

It was nothing at allBack in Queens, where the stifling heat

Overpowers the air-conditioning

You can keep on crawling away

But youre never gonna escape

No, no, not todayIm filling in the empty spaces

Where you left your mark

Im filling in the empty spaces

Where you left your markIn the soothing peace

Of car alarms and cats in heat

I can hear you breathe

I can hear you breathe

I can hear you breatheBa, ba, da, da, da

Ba, ba, da, da, da

Ba, ba, da, da, da

Ba, ba, da, da, daAlright, alrightKeep on telling me that time is no enemy

A worthless struggle to step back

Keep on telling me that time is no enemy

A worthless struggle to step back and reconceive
