

# Boogie Blues

## Anita O'Day

Don't the moon look lonesome shinin' thru the trees?

Don't the moon look lonesome shinin' thru the trees?

Don't your arms look lonesome when your baby back's up to leave?

Well I'm goin' up on the mountain to call that baby of mine

Said I'm goin' up on the mountain to call that baby of mine  
But something tells me he's not coming back this  
time  
Would like to go to the country can't take you

I'm goin' up to the country can't take you

Nothin' up there a man like you could do  
He's got fins like a fish  
Sheep like a frog
