

My Dear Mr. Gaye

Teena Marie

Come inside from the rain
Let me make love to you
Until the drops dry on the windowpane
Heart to heart you touched my soul
And now my feelings must be revealed
And our love we must unfold Like all the ladies
Loved you My Dear Mr. Gaye
All the ladies
Loved you My Dear Mr. Gaye Trouble man now you're home
Let me hear you whisper softly
Secret words to me alone
Free your mind and take my soul
Inside your feelings, sing one for me
For my love it sings for you Like all the ladies
Loved you My Dear Mr. Gaye
All the ladies
Loved you My Dear Mr. Gaye
