Dog Faced Gods

Testament

Of dog faced gods
Through the Nile sands whisper
Of ancient times, mayfly names
Flickered and goneThe blood and honey
Dripping from their jaws
Through the Nile sands whisper
Ancient times, fade into the dawnOf dog faced gods
Manifest in the night
The sacred rights
Handed down through times of oldDark words of power
Blood upon their tombs
Through incantations
Locusts fly, signaling doomConfirm who I am
Can't talk all I can
Conceive sorcery
Corrodes disbeliefConfirm who I am
Can't talk all I can
Conceive sorcery
Corrodes disbeliefOf dog faced gods
Dead civilization
Through priests of power
Invoking life of the ancient oneThe blood and honey
Dripping from their jaws
Through the Nile sands whisper
Travel through time to the land unknownConfirm who I am
Can't talk all I can
Conceive sorcery
Corrodes disbeliefConfirm who I am
Can't talk all I can
Conceive sorcery
Corrodes disbelief
