

# What Would the Community Think

## Cat Power

My God what would the community think  
You are so beautiful, you are so beautiful All the things that people do in winter  
They all melt down in summer  
Things a mirror should say  
On a very hot day Been crying in my eyes  
Vacation, vacation, vacation, vacation, vacation My God what would the community think  
You are so beautiful, you are so beautiful
