Southern Butterfly

Marianne Faithfull

Where I walk and life is warm
Sun and breath hopefully here
All our hearts are blessedTexas real
A woman sworn to man
Here I tried, here I tried
To be the bestSo hot it's white and real to me
I'd stay awake all night
Asking your silent sympathyI know something new
Southern butterfly and you
I know something new
Southern butterfly with youTexas real
A woman sworn to man
Here I tried, here I tried
To be the bestSo hot it's fine and real, real me
I'd stay awake all night
Asking your silent sympathyI know something new
Southern butterfly with you
I know something new
Southern butterfly and youI know something new
Southern butterfly and you
I know something new
Southern butterfly with you
