Bring You Back

Beacon

It was the middle of the night
When I heard you took your life
You were slowly changing, slowly changing
To black and white
In the middle of the night
Our clock was stopped in time
You were slowly fading, slowly fading
From day to night
I turn around, I turn around
And you're not there
I turn around, I turn around
And you're not there
I'll do anything if it would bring you back
I'll go anywhere if you would show me the map
Here I am, you don't have to ask
I'd do anything if I could bring you back
If we could have this one more day
I swear that I would find a way
To keep you here, to make you hear
That you mean everything
Just give me five more minutes
I'd give the world to have you in it
My life is empty if you could see me
Would you have left this way?
I turn around, I turn around
And you're not there
I turn around, I turn around

And you're not there
I'll do anything if it would bring you back
I'll go anywhere if you would show me the map
Here I am, you don't have to ask
I'd do anything if I could bring you back
I'll go anywhere if you would show me the map
I'll do anything if it would bring you back
Here I am, you don't have to ask
I'd do anything if I could bring you back
You don't have to ask for anything
Because you are still my everything

I never feel complete without you
I'll never heal completely without you back
I'll do anything if it would bring you back
I'll go anywhere if you would show me the map
Here I am, you don't have to ask
I'd do anything if I could bring you back
I'll do anything if it would bring you back
I'll go anywhere if you would show me the map
Here I am, you don't have to ask
I'd do anything if I could bring you back
I never thought I'd ever make it
It didn't hurt for me to try, I'll do anything
I'd do anything if I could bring you back
I just wish I could bring you back
