

# All The People (feat. Sinkane)

Jovanotti

I love you je t'aime me gusta me incanta  
My music mi musica nunca se quebranta  
Yo soy el ritmista el adelantero  
PiÃ¹ mischio piÃ¹ spezzo piÃ¹ mi sento intero  
Buon viaggio coraggio ai nuovi esploratori  
De arriba y de abajo di dentro e di fuori  
The world is a mess il mondo Ã¨ un casino  
I hate it I love it lo odio lo amo  
Ich liebe dich baby te quiero je t'aime  
I like it me gusta esplode la jam  
Señor de mi alma la fuerza es conmigo  
El ritmo redondo andiamo so we go  
So we go we make music we dance and we party  
Ã siempre il momento per innamorarti  
E per ripartire no stop no excuse  
Y vamos amigos no time to loose All the people in this room together  
We can make it work  
We can make it better  
We can get it higher  
We can start a fire  
We can make it good  
We can plug the wire Migrations migration onde migratorie  
Milione de vidas milioni di storie  
Abuelos y mothers and fathers  
And sisters and brothers  
One world one soul rock and roll  
Raíces y acciaio armi e malattie  
Un river di storie e di geografie  
Viajando y bailando sufriendo y viviendo  
Amando y luchando andando e venendo  
Mi gente my people la incontro in giro  
All around me e nel mio respiro  
La dance de las estrellas en mi corazón  
On an on an on an on  
Hello sayonara un sake del rum  
Buongiorno shalom salam aleikum  
La musica viaggia da roma a karthoum  
Tic tic tac boom All the people in this room together  
We can make it work

We can make it better  
 We can get it higher  
 We can start a fire  
 We can make it good  
 We can plug the wire Mon amour mi senora padrona del tempo  
 Madonna of the rhythm e de movimiento  
 Las calles del mundo si incrociano aqui  
 La chiave Ã il tuo si say yes is the key Just say one word and I will be free  
 Nel posto che amo the place to be  
 Mi gente is my people me we  
 La grande poesia di Mohamed ali Uno two one two tree tempo di spari  
 I dispari doppi diventano pari  
 Asi va la vida todo se transforma  
 Chi crede alla grazia chi crede nel karma Quien crees a los extraterrestrial tambien  
 Yo creo en la musica no soy zen  
 A fighter a lover a joker a sinner  
 PiÃ¹ vivo piÃ¹ soy un absolute beginner All the people in this room together  
 We can make it work  
 We can make it better  
 We can get it higher  
 We can start a fire  
 We can make it good  
 We can plug the wire All the people in this room together  
 We can make it work  
 We can make it better  
 We can get it higher  
 We can start a fire  
 We can make it good  
 We can plug the wire All the people in this room together  
 We can make it work  
 We can make it better
