

# Meeting Place (Live at Avatar Studios)

## The Last Shadow Puppets

The colder the night gets  
The further she strains  
And he doesn't like it  
Being this way And she tried so hard  
To steer away  
From the meeting place  
But her heart had left her there She clings to his consciousness  
Wherever he laid  
Struggles to sleep at night  
And during the day He's worried she's waiting in his dreams  
To drag him back to the meeting place  
His love had left in there  
Where the voices still echoes [Chorus]  
I'm sorry I met you darling  
I'm sorry I met you  
As she turned into the night  
All he had was the words  
"I'm sorry I met you darling  
I'm sorry I left you" Four weeks they had trolled around  
Playing the fools  
They knew the time would come  
And time would be cruel Because it is cruel to everyone  
He is crying out from the meeting place  
He stranded himself there  
Where the voice still echo [Chorus] I'm sorry I met you darling  
I'm sorry I've left you
