

Not for Nothing

Nico & Vinz

[Verse 1]

Why does a rose need water and a whole lot of sunshine?

One more time

Why does a rose need water and a whole lot of sunshine?

Why does the night need moonlight? Tell me

Oh not for nothing, not for nothing[Verse 2]

Why do the wheels keep rolling? Oh

Metal down to the floor yeah, tell me

Why do we stop at a red light, oh I

Not for nothing, oh not for nothing

Freedom fighters, fighting in silence

Oh but not for nothing, no not for nothing[Verse 3]Why do the hands keep ticking around the clock?

Like the sand in a hourglass, so slow but so fast

Why are we born into sinning just to be born again?

Not for nothing, oh not for nothing

Oh not for nothing, oh no

Oh not for nothing, oh not for nothing
