

To Be Loved

Westlife

The song of a little bird
The joy in three little words
I know it's real
That's how it feels to be loved by you
The stars from a midnight sky
The melody from a lullaby
There's nothing real
That I wouldn't steal to be loved by you
To be loved by you
If everybody knows
It's only 'cause it shows
A smile to put you on a high
A kiss that sets your soul alight
Would it be alright if I spent tonight
Being loved by you?
Being loved by you
If everybody knows
It's only 'cause it shows
Your love is released and you move me with ease
And you rescue me time after time
Oh, oh, you give your all and you take it all in your stride
Oh, with all the power of a symphony
That's how my heart beats when you're holding me
I can't conceal, this is how it feels to be loved by you
Oh yeah, to be loved by you
If everybody knows, it's only 'cause it shows
Because I take your love, everywhere I go
I know what it is I need
It's clear as a shallow stream
It's as it seems
My only dream's to be loved by you
