See You on the Other Side

Guttural Riot

Your gone! It makes me wanna scream and yell wish you could've asked for help why'd you do this to yourself?! All I got are memories the image is haunting me can't believe this is the end I'll never hold a grudge again I'm in pain and I miss my friend! Fuck! My hearts broken into I'm becoming unglued a piece of me died with you see you on the otherside
