The lonely days are over
Lets meet in the middle
Ill always be your shoulder,
I think Ive found a wayIm No longer trying find it
Lets make it official
I Cant wait another day
Im wont give it all away
Coz everytime your gone I miss you
Oh and I cannot
I hope you feel the sameFrom the moment that I met you
I knew you were trouble
How could I forget you
Youre always on my mindIm No longer trying find it
Lets make it official
I Cant wait another day
Im wont give it all away
Coz everytime your gone I miss you
Oh and I cannot
I hope you feel the sameWhat else can I do
Now I found you
Except hold you tightNo more silence
I made my mind up
No more wasting timeLets make it official
I Cant wait another day
I wont give it all away
Coz every time your gone I miss you
oh and I cannot resist you
I hope you feel the sameFrom the moment that I met you
I knew you were trouble
