

# King For a Day (Home Demo)

XTC

Everyone's creeping up to the money god,  
Putting tongues where they didn't ought to be  
On stepping stones of human hearts and souls,  
Into the land of "nothing for free" Well the way that we're living,  
Is all take and no giving,  
There's nothing to believe in,  
The loudest mouth will hail the new found way,  
To be king for a day Everyone's licking up to the new king pin,  
Trying to get way up with a smile  
Sing for your supper boy and jump to a finger click,  
Ain't my way of living in style 'Cause the ladder gets longer,  
And ambition gets stronger,  
I can't satisfy the hunger,  
That bad old moon has got you in its sway,  
To be king for the day You're only here once so you got to get it right  
(No time to fuss and fight)  
'Cause life don't mean much if measured out with someone else's plight  
(In time you'll see the light) 'Cause the way that we're living,  
Is all take and no giving,  
There's not much to believe in,  
The loudest mouth will hail the new found way,  
To be king for a day  
You got to be the king for a day, ah  
To be king for a day
