

# Ghost (Live at Whelans)

Gavin James

There's a ghost in this house  
These old walls are fallin' down  
There's a stranger out in the dark  
And he knows our secrets now Remember how we used to dance  
We were flying, now we're at our feet  
You and me, just like the movies  
Had our final scene But I don't wanna see you leave  
Now you're just a ghost in me There's no fire in our hearts  
Through the ashes we'll find the sparks  
There's a stranger out in the garden  
Oh, but it's him you see  
Now you'll always be the ghost in me Remember how we used to dance  
We were flying, now we're at our feet  
You and me, just like the movies  
Had our final scene But I don't wanna see you leave  
Now there's nothing left in you and me  
But some things we can not see  
Now you're just a ghost in me  
Now you're just a ghost in me  
Oh, oh, oh But this house was never a home  
It was just empty rooms and empty holes  
And find a match and start a flame  
You'll always be the ghost in me  
Oh, the ghost in me
