

Tell Me

Slim Ali & The Hodi Boys

Tell me you don't love me
Tell me you don't want me
Where are you
Just it's me baby

Tell me you don't love me
You said that you love me
And now you just run away
You said that you will be mine
And now you just run with another gay

Tell me
Tell me you don't love me
Tell me you don't want me
Where are you it's just me
Tell me you don't love me
Right now

Tell me you don't love me baby
Tell me you don't want me
Tell me you don't love me
Every time that I meet you
You always tell me that you love me so too
But the things that you do Baby
You try you try to keep away from me

Tell me you don't love me
Telle me you don't want me
Where are you it's just me
Tell me you don't love me
Right now

Oh you keep on to me
you keep on to me all the time
Baby Baby Baby Baby
You keep on to me
You keep on to me
Oh my life

Just tell me

Tell me you don't love me
Telle me you don't want me
Where are you it's just me
Tell me you don't love me
Right now
