Wafer Thin

Pitchshifter

Nothing's cool, nothing's clean
Nothing's like it used to be
Nothing's sweet, nothing's smooth
Nothing's got the best of meAnd no-one scared 'cos no-one cares
Now nothing's got a place to be
And no-one cares 'cos no-one dares
Now nothing's gonna comfort meYou're wafer thin, you do me in
Say nothin' like you used to be
You're wafer thin, you do me in
Stay nothin' like the rest of meNothing's right, nothing's sane
Nothing's how it could've been
Nothing's straight, nothing's pure
Yeah nothing's what it should've beenAnd no-one scared 'cos no-one cares
Now nothing's got a place to be
And no-one cares 'cos no-one dares
Now nothing's gonna comfort meYou're wafer thin, you do me in
Say nothin' like you used to be
You're wafer thin, you do me in
Stay nothin' like the rest of meAnd no-one scared 'cos no-one cares
Now nothing's got a place to be
And no-one cares 'cos no-one dares
Now nothing's gonna comfort meYou're wafer thin, you do me in
Say nothin' like you used to be
You're wafer thin, you do me in
Stay nothin' like the rest of me
