

N.e.w.s.

Golden Earring

N.E.W., N.E.W., N.E.W.S.
North, East, West and South
Read all about it, read all about it, news
I wanna know about the weather tomorrow
I wanna know what happened today
I wanna feel that I'm a part of the games
That all the other people play
I mean, being in touch with the actual thing
No matter how amazing
Oh, I turn on my radio, switch on my TV
Open a paper and a magazine
Let's see what they got, let's see what they got
Let's see what they got to upset me
It's pitiful, shameful, all I hear and read and see
Four directions of the wind and a four-way misery
Yeah, yeah, yeah
Well, once upon a time I was a sailor man
Curious about my destiny
So I sailed away on a ship of slaves
The rest, as you know, is history
Yeah, yeah, yeah
There's gotta be a lesson for you and me, I mean everybody
How come we never seem to learn
From the things that we all study, let me hear you say
North, Scandinavia, Alaska, Siberia
East, Japan, China and India
West, Europe and the US of America
South, Australia, South America, South Africa
Spell it out, N E, Who, me?
Yeah, you, double you and S for South
Jungle drum, word of mouth
We're gonna get it together, we're gonna work it out
We're gonna get it together, work it out, work it out
So I turn on my radio, switch on my TV
Open a paper and a magazine
Let's see what they got, let's see what they got
Let's see what they got to update me
It's pitiful, shameful, all I hear and read and see
Four directions of the wind and a four-way misery

North, East, West
We're gonna get it together, we're gonna work it out
We're gonna get it together, work it out, work it out
Yeah, yeah, yeah
