

# When I'm Broken

## Janine and the Mixtape

If I am caught up  
Wanting you to be everything you said you would be, for me  
Knowing that nothing we shared was real  
I guess forever's just a temporary feel  
You won't be happy 'til my back's off the wall  
So you can kick my feet from under me and love while I fall  
You won't be happy 'til my back is up off the wall  
So you can kick my feet from under me and love while I fall  
You're the reason I fall  
Never see but

We shared each other's bodies a few hundred times  
And here we are pretending we don't know each other's faces  
We shared each other's bodies a few hundred times  
And here we are pretending we don't know each other's faces

You like me more when I am broken  
Is that why you just try to hurt me?  
You had your mouth full of forever's  
Forever's for me when I'm weak  
Forever's for me when I'm weak

Here we are, here we are, here we are  
Here we are, here we are, here we are  
Here we are, here we are, here we are  
Here we are, here we are, here we are

It's hard for you, it's hard, isn't it?

...

It can't be you though  
Must be everybody else, everybody else, everybody you know  
Break me down, piece by piece, I know that you like it  
Wait 'til my lungs are on their last breath and go and strike it  
Break me down, piece by piece, I know that you like it  
Wait 'til my lungs are on their last breath then go and strike me down  
Then go and strike me down

We shared each other's bodies a few hundred times  
And here we are pretending we don't know each other's faces  
We shared each other's bodies a few hundred times

And here we are pretending we don't know each other's faces

You like me more when I am broken  
Is that why you just try to hurt me?  
You had your mouth full of forever's  
Forever's for me when I'm weak  
Forever's for me when I'm weak

Here we are, here we are, here we are  
Here we are, here we are, here we are  
Here we are, here we are, here we are  
Here we are, here we are, here we are

You love me when I'm broken  
What does that say about you?  
What does that say about you?  
What does that say about you?  
Think about it  
I don't think you want me  
As much as you wanna say that you had me  
No you don't even want me  
You just wanna say that you had me, had me, had me  
Should have gotten me  
You're without me  
Should have gotten me

When I'm broken, you just me when I'm broken, don't you?  
When I'm broken, you just me when I'm broken, don't you?  
When I'm broken, you just me when I'm broken, don't you?
