

# Body Language (Caleb L'Etoile Remix)

## Mausi

You speak! (my body language)  
I speak! (your body language) I see you like me and i like your thoughts  
You're looking up to and I (I'll see you girl) (I'll see you boy)  
I'm getting at you and I catch a smile  
I'm breathing into, you're breathing it too Don't use words boy, just let your body talk  
I move closer, your body says it better  
Then I'll say hello, just let my body know  
My body, your body, our body language  
You! Speak! (My body language)  
I! Speak! (Your body language)  
You! Speak! (My body language)  
Your body, my body, your body language Anticipation 'fore our bodies touch  
A hesitation and I (I'll see you girl) (I'll see you boy)  
You smoked a signal and I get that rush  
I'm breathing into, you're breathing it too Don't use words boy, just let your body talk  
I move closer, your body says it better  
Then I'll say hello, just let my body know  
My body, your body, our body language You! Speak! (My body language)  
I! Speak! (Your body language)  
You! Speak! (My body language)  
Your body, my body, your body language (The best and most accurate way to tell if a woman is sexually  
attracted to you while you're in a conversation with her is number one: hair play, two: eye contact, three: play  
louder, four: laugh more loudly and obviously. The list of well known signs of attraction.)  
You! Speak! (My body language)  
I! Speak! (Your body language)  
You! Speak! (My body language)  
Your body, my body, your body language
