

I Want It

Robbie Rivera

Aaa

I'm feeling like an angel

Oh, I'm feeling like a buttercup

We're sailin' around the world

Yeah, I like the kind of irony in my life

Don't you know that I'm your angel?

Don't you know, we are all paranoid?

Don't you know that I am in anger?

Yes, I come out at night and surprise you with our

Right now

(I want it, I want it)

Right now

(I want it, I want it)

Right now

(I want it, I want it)

Right now

I want it right now

I'll bake you like cookies

Guano around the world

Forty five degrees and we smile

We love what we do and you do what we

Want now

(I want it, I want it)

Right now

(I want it, I want it)

Right now

(I want it, I want it)

Right now

(I want it right now)

Right now

Right now

Right now

Right now

Get up with the storm and running all my life

Get up with the storm and running all my life

Get up with the storm and running all my life

Get up with the storm and running all my life

Get up with the storm and running all my life

Get up with the storm and running all my life

Get up with the storm and running all my life
Get up with the storm and running all my life
Get up with the storm and running all my life
Get up with the storm and running all my life
Get up with the storm and running all my life
Get up with the storm and running all my life

Right now

(I want it, I want it)

Right now

(I want it, I want it)

Right now

(I want it, I want it)

Right now

(I want it right now)

Right now

Right now

Right now

Right now

(Right now)

We're here, we're alive, we're around

(Right now)

And we act like fools

(Right now)

We're here, we're alive, we're around

(Right now)

And we act like fools come and [Incomprehensible]
