

# The Worst Hangover

[Nicole Atkins](#)

I took a shot with bullet fight all night  
... the town into the other side  
My scenes from amber, these things are too well  
Just pin my memory on the carousel, round and round[Chorus]Operator, operator, give me no. 911  
I'm dying, I'm dying You never think I'm as bad as I do  
Now get a whip, cry at the noose  
It's a lush live out on broken shells  
Just pin my memory on the carousel, round and round[Chorus]Don't keep me waiting on the telephone  
Quickly[Chorus]
