Shakey Ground

Fishbone

Lady luck and a four leaf clover
Won't ease this hurt I feel all over
My life was one big special occasion
Until your leaving damp with the situation
Standing on shakey ground
Ever since you put me down
Standing on shakey ground
Ever since you put me down

My car got repossessed this morning
Hard times I haven't seen in years
Girl, you better throw me a life preserver
I'm about to drown in my own tears
Standing on shakey ground
Ever since you put me down
Standing on shakey ground
Ever since you put me down
