

# Fear of Fireflies

## Calla

Outside before you  
Who's left to step to?  
Follow me back through  
Should be, could be you My fear of fire back cover me  
Steal sure fire over me  
Sea of fireflies  
Hover in the dark  
Following tracers  
Scattering apart  
Following me Black cat, firecrack, shoot  
Could be, should be you My fear of fire back cover me  
Steal sure fire over me  
Sea of fireflies  
Hover in the dark  
Following tracers  
Scattering apart  
Following me
