

# A Girl Is a Gun

## Old Dominion

Seems innocent enough when your buying the drinks at the bar  
And you're both getting loaded  
You don't even know just the danger you're in  
'Cause you're so caught up in the moment  
But you shoot a smile cuts through the smoke  
Hits you before you even know A girl is a gun  
She's harder to handle than you think, son  
You feel safe when you're with her  
Think twice before you pull the trigger  
She feels good in your hand from the first little spark  
But guns shoot bullets and bullets break hearts  
Heartbreak's a bitch  
She'll kill you with a kiss  
So be careful when you're holding one  
'Cause a girl is a gun, yeah  
(It's a little word of advice)  
She's cold and she's hot  
She's fun but she's not some play thing two dollar pistol  
Say the right thing she'll go off with a bang  
But be careful cause she kicks a little  
Hold her just right don't let her down  
You're gonna get hurt if you mess around A girl is a gun  
She's harder to handle than you think, son  
You feel safe when you're with her  
Think twice before you pull the trigger (think twice)  
She feels good in your hand from the first little spark  
But guns shoot bullets and bullets break hearts  
Heartbreak's a bitch  
She'll kill you with a kiss  
So be careful when you're holding one  
'Cause a girl (a girl) is a gun (a girl is a gun)  
Yeah, a girl is a gun  
She's harder to handle than you think, son  
You feel safe when you're with her  
Think twice before you pull the trigger  
She feels good in your hand from the first little spark  
But guns shoot bullets and bullets break hearts  
Heartbreak's a bitch  
She'll kill you with a kiss

So be careful when you're holding one (be careful when you're holding one)  
'Cause a girl ('cause a girl) is a gun ('cause a girl is a gun)  
Yeah, a girl ('cause a girl) is a gun ('cause a girl is a gun)Look it out  
( 'Cause a girl is a gun)  
( 'Cause a girl)  
( 'Cause a girl is a gun)
