Keep It On The Low

Houston

Get it out the hood like that's what's up
Had to hustle left and right like what
On the grind out for Monday love
A lil thug in me, what's up
Now I step up and the game came up
All the fake cats in the back sno nuf
Wanna rub up, they gets no love
This is for the ladies bouncin in the club, put your hands up
Bounce up, your body turn it around
Mr. Houston up in your town
Girl bounce around, girl bounce around
Bounce, ride, make it shake
World wide, state to state
Girls ride our way to play
But keep it on the low
Gettin cheese the legal way
Thuggin on Montego Bay
Girlies come and swing our way
But keep it on the low
Come and twist this in the club
Jamaica up in this
Had to ride or die to live like what
Stickin to the script and neva gave up
I'm a ba-ba-ba-balla
Sippin, poppin bots
If you wanna run them up like us
From straight West California
It's a me oh, me oh, my, my
This is for my ladies
Uptown, downtown, ghetto girls
All da sexy bodied ladies in da club
Bounce, ride, make it shake
World wide, state to state
Girls ride our way to play
But keep it on the low
Gettin cheese the legal way
Thuggin on Montego Bay
Girlies come and swing our way

But keep it on the low

Bounce, ride, make it shake
World wide, state to state
Girls ride our way to play
But keep it on the low
Gettin cheese the legal way
Thuggin on Montego Bay
Girlies come and swing our way
But keep it on the low
When I sit and reminisce
Bout the maidens tryin to hold me down
Look who's sorry now, oh
'Cause I'm tastin filet mignon
And wash it down with chilled Muton
While they playin my song
Bounce, ride, make it shake
World wide, state to state
Girls ride our way to play
But keep it on the low
Gettin cheese the legal way
Thuggin on Montego Bay
Girlies come and swing our way
But keep it on the low
Bounce, ride, make it shake
World wide, state to state
Girls ride our way to play
But keep it on the low
Gettin cheese the legal way
Thuggin on Montego Bay
Girlies come and swing our way
But keep it on the low
Bounce, ride, make it shake
World wide, state to state
Girls ride our way to play
But keep it on the low
Gettin cheese the legal way
Thuggin on Montego Bay
Girlies come and swing our way
But keep it on the low
