

# when I see that girl of mine

## Apartment

When I see that girl of mine  
Makes me want to sigh  
When I see that girl of mine  
Makes me want to sigh  
I don't care if the sun don't shine  
Long as I can see that girl of mine  
I know everything'll be fine  
When I see that girl of mine  
When I see that girl of mine  
Gettin' ready and lookin' my best  
Got to look my best so I'm takin' my time  
'Cause I need that girl of mine  
I know that she'll be mine so I'll keep on trying  
I don't care if the sun don't shine  
Long as I can see that girl of mine  
I know everything'll be fine  
When I see that girl of mine  
When I see that girl of mine  
Can't you see she's the only girl for me?  
And when people look at me they can see  
They can see, they can see, they can see  
When I see that girl of mine  
Makes me want to sigh  
When I see that girl of mine  
Makes me want to sigh  
I don't care if the sun don't shine  
Long as I can see that girl of mine  
I know everything'll be fine  
When I see that girl of mine  
When I see that girl of mine  
When I see that girl of mine  
When I see that girl of mine
