Well Done

The Donnas

Well, it's the same thing that I tell everyone
If you wanna get it good, you gotta get it well done
Yeah, it's steamy hot and there's nothin' to do
So I go down to Huffy's for a barbecueSizzlin' meat and it's ready to eat
So come here, baby, give me some of your meat
El Grullenses's, where the beef is hot
And the taco boy wants whatever I gotWell done, well done, well done
(You drive me crazy when you turn up the heat)
Well done, well done, well done
(You're lookin' good, I think I'm ready to eat)Well done, well done, well done, well done, well done
(You drive me crazy when you turn up the heat)
Well done, well done, well done
(You're lookin' good, I think I'm ready to eat)And don't try to give me that medium rare
If it ain't hot and hard, then I don't even care
You want some of me, you gotta give me some first
And if it ain't done right, it can't quench my thirstWell done, well done, well done
(You drive me crazy when you turn up the heat)
Well done, well done, well done
(You're lookin' good, I think I'm ready to eat)Well done, well done, well done, well done, well done
(You drive me crazy when you turn up the heat)
Well done, well done, well done
(You're lookin' good, I think I'm ready to eat)Well done, well done, well done
(You drive me crazy when you turn up the heat)
Well done, well done, well done
(You're lookin' good, I think I'm ready to eat)Well done, well done, well done, well done, well done
(You drive me crazy when you turn up the heat)
Well done, well done, well done
(You drive me crazy when you turn up the heat)Well done
Well done
Well done
