

The Flood (Live at the Roxy)

Escape the Fate

I can't believe the drama that I'm in, the flood is getting closer
I don't think they know that I know how to swim
You're feeling numb, from all that has become
It leaves your gums, slips down your tongue and travels fast down towards your lungs
All because I'm leaving you behind. I feel the pressure
It's coming down on me.
It's turning me black and blue
You left me on the side of the road, and now I've got no place to go.
You brought the flood! I can't believe, the troubles that you've caused
The pain is getting stronger, like an open wound without the gauze
It's on my brain, it's driving me insane
It's on my mind all of the time and if it left, I would be fine.
All because I'm leaving you behind. I feel the pressure, it's coming down on me.
It's turning me black and blue
You left me on the side of the road (side of the road)
And now I've got no place to go.
You brought the flood! (flood! flood!) Oh!
Leave it be! I take it back
Take it back!
Leave it be
I take it back
Take it back
Leave it be
Leave it be
Leave it be! I feel the pressure
It's coming down on me.
It's turning me black and blue
You left me on the side of the road, and now I've got no place to go.
You brought the flood! I feel the pressure
It's coming down on me.
It's turning me black and blue
You left me on the side of the road, and now I've got no place to go.
You brought the flood! I take it back, take it back!
Leave it be
I take it back, take it back!
Leave it be
Leave it be
Leave it be!
