Catatonic Eclipse

G//Z/R

Download me, kill me
I know, what I do
Time dreams are everywhere
They're watching you, too
When life slips away
Fear tastes the kill
Death teacher find me
They know what to doMorpheus calls me
My future is here
Sleep not to dream
The meaning unclear
Down morphine passages
Through cybersex please
To terror morph images
Of viral diseaseNo time in space
No planet of hate
All ethics fade
In this silicon stateI stand at death's door
There's no need to knock
Hands of tomorrow
Winding death's clock
