

# Catatonic Eclipse

[G//Z/R](#)

Download me, kill me  
I know, what I do  
Time dreams are everywhere  
They're watching you, too  
When life slips away  
Fear tastes the kill  
Death teacher find me  
They know what to doMorpheus calls me  
My future is here  
Sleep not to dream  
The meaning unclear  
Down morphine passages  
Through cybersex please  
To terror morph images  
Of viral diseaseNo time in space  
No planet of hate  
All ethics fade  
In this silicon stateI stand at death's door  
There's no need to knock  
Hands of tomorrow  
Winding death's clock
