Advisory - the following lyrics contain explicit language:

Gettin'scared by every chance to love
look careful which people you meet!
Almost being caught when you cheat
Why do people call it sign of the gods?
sign of fear - ungracious condemnation
sign of fear - ungracious condemnation
sign of fear
It's getting on a bigger stage
spreading like the black pest
When you've realized it, there's no time left
No way to pass through
sign of fear - ungracious condemnation
sign of fear - ungracious condemnation
sign of fear
Unfair punishment of free lifestyle?
Will we return to the middle-ages?
You? Il get distrustful of your friends
Carelessness and indifference will lead to death
sign of fear - ungracious condemnation
sign of fear - ungracious condemnation
sign of fear
