

# Call It Heaven (feat. EsmÃ© Patterson)

## Shakey Graves

You don't know  
You don't know  
Well you don't know just what you left  
Well you left your heart in my chest  
Well you're the sky without a star  
Well you're the sky without a star  
I can't forget I've been the best of your worst  
We'll call it heaven but it's hell on earth  
Lucky us she's a curse  
Lucky us she's a curse  
I can't forget I've been the best of your worst  
We'll call it heaven but it's hell on earth  
Lucky us she's a curse  
Lucky us she's a curse  
Yeah you don't know  
Yeah you don't know just what you've been  
Well you sure look a lot like him  
Well you sure look a lot like him  
Yeah you don't know, know  
Yeah you don't know just what you were  
Well I'm halfway there-- but you're not her  
Well I'm halfway there-- but you're not her  
I can't forget I've been the best of your worst  
We'll call it heaven but it's hell on earth  
Lucky us she's a curse  
Lucky us she's a curse  
I can't forget I've been the best of your worst  
We'll call it heaven but it's hell on earth  
Lucky us she's a curse  
Lucky us she's a curse  
Yeah lucky us she's a curse  
Yeah lucky us she's a curse
