

# Shine On

Britny Fox

There's a place where souls live on forever  
There's a time where we all  
Rest together, oh, sometime Feeling better, living better  
Yeah, I see the lights  
There's a place where  
The light shines bright Shine on  
Shine on, shine on  
Shine on Peace on earth  
Spread love to your brother  
Loved ones gone  
In your heart they'll live on  
Live on and on Feeling better, living better  
Yeah, I see the lights  
There's a place where  
The light shines bright Shine on  
Shine on, shine on  
Shine on  
Shine on bright on me Shine on  
Shine on, shine on  
Shine on  
Shine on bright [Incomprehensible] Oh, I'll tell ya  
Shine on  
Shine on, shine on  
Shine on  
Shine it bright on me Shine on  
Shine on, shine on  
Shine on  
Shine your light on me Shine on  
Shine on, shine on  
Shine on  
Shine Shine on  
Shine on, shine on  
Shine on  
Shine on
