

# Eyelevel

## Kaihoru

Look into the stranger's eyes  
Eyes filled with lust  
Eyes filled with love  
Turn into eyes filled with hateOpen your new eyes  
See the new world  
Reborn eyes tell no lie  
Reborn mind  
Uh! Ah!There's a reptile's tongue  
Behind the lips of a queen  
The truth and beyond  
Through the green  
Could never live just for the virtueOpen your new eyes  
See the new world  
Reborn eyes tell no lie  
Reborn mindOpen your new eyes  
See the new worldOpen your new eyes  
See the new world  
Reborn eyes tell no lie  
Reborn mindOpen your new eyes  
See the new world  
Open your new eyes  
See the new world  
Reborn eyes tell no lie  
Reborn mind
